

New Gdańsk, Poland Facility

 Now Open & Fully Operational

Lean Supply Solutions (LSS) is pleased to announce that our new distribution and fulfillment facility in **Gdańsk, Poland is now open and fully operational!**

Why Gdańsk?

Strategically located **just minutes from the Port of Gdańsk**—one of the Baltic region's major deep-sea container gateways—our new facility provides customers with convenient access to global ocean freight routes serving **Asia and other international markets**, together with efficient distribution throughout Poland and the European Union.

Efficient highway connections to Germany, Central Europe, and Western European markets — including **same-day road access** to northern Germany.

Route imports through Gdańsk to bypass congested Western European ports and **efficiently reach customers across Poland, Germany, and the EU.**

Gdańsk offers an alternative to traditional entry points through Germany and other busy Western European ports, helping customers **reduce logistics and container-handling costs** while avoiding congestion.

Key Capabilities and Benefits

End-To-End Logistics

- Scalable warehousing & inventory management
- Container handling and cross-border transportation
- Pick & Pack, kitting, labeling, packaging, and other value-added services

Technology & Network

- Real-time inventory visibility through LSS technology
- Flexible solutions that scale with customer requirements
- Integrated LSS support across Canada, the U.S., U.K., Poland, and Europe

Lean Supply Solutions Expands European Operations

New Gdańsk, Poland Facility

Now Open & Fully Operational

Your Strategic Gateway to Europe

Whether you're entering the European market, expanding operations, or seeking a more efficient EU gateway, LSS Gdańsk combines **deep-sea port access**, **competitive costs**, **scalable warehousing**, **technology**, and **European connectivity**.

Port Access | **Cost Efficiency** | **Scalable Warehousing** | **European Connectivity**

One integrated solution from container arrival at the Port of Gdańsk to final delivery—helping customers **simplify their supply chains**, **control costs**, and **grow their European operations**.

Looking for a smarter gateway into Europe? Talk to LSS about how our new Gdańsk operation can support your European supply chain.
